2024-216 Authorizing the disposition of Borough property located at 319 LaReine Avenue.

Councilman Gubitosi:

I have many concerns regarding this resolution to remove artifacts from the 319 Lareine Church property. Specifically:

- 1. No collaboration with the Council - As we were entering the Thanksgiving weekend on Wednesday, November 27th at 3:39 p.m., the Mayor notified the Council that "We have had success in getting all artifacts salvaged; and the actual removal will occur over the coming weeks. If you get questions on activity at the site, removal will be going on intermittingly between now and year-end; and I will advise when we are complete with that activity."**

2. **On Monday, December 2, 2024 immediately following the Thanksgiving Weekend, our Municipal Attorney notified Mayor Fox of the State Statute governing the sale or disposition of Borough assets - which typically requires open bidding and resolution of the Governing Body.**
3. **Also on Monday, December 2, 2024, I sent an email to Mayor Fox, attempting to make him aware that the removal of Borough property without Council approval could result in the Mayor being held personally liable for the value of the assets removed.**
4. **The Historic Society has reached out to me and other Council members to state their objections to the disposal of artifacts that they believe should be preserved for the Bradley Beach Historical Museum. They believe commitments made to them by the Mayor are now being ignored.**
5. **The nature of the inventory value and pricing list does not appear to reflect competitive bidding (required by statute) and, therefore, may not reflect the most beneficial pricing of the assets for the Borough's taxpayers.**
6. **Finally, on December 4, 2024 (one week ago), I asked the Mayor: 1) To describe the disposition/destination of artifacts already removed, and 2) to explain how the removal of artifacts already begun is legal, and 3) to reference any prior Resolutions approved by the Council in this regard. As we are asked to vote on this Resolution tonight, my questions have still not been answered.**

The taxpayers of Bradley Beach deserve much greater transparency regarding the disposition of Borough assets and this Council deserves to play an active role in determining what the best process for selling these assets as required by Resolution. For these reasons I believe we should table this resolution until the entire Council is given a chance to assure that the disposition of these assets is in the best interest of Bradley Beach and our taxpayers.

Councilwoman DeNoble inquired if the Camp Meeting Association asked for any items in the contract of sale and requested getting something in writing stating they got the one item they requested and do not want any other items.

Further discussion ensued pertaining to the proper timeline allowance for demolition of the building and the disposition of artifacts to the Church of the Seven Presidents.

Mayor Fox stated he views this vote as extremely unfortunate and does not feel anything is being done incorrectly and this is a unique opportunity with the Church of the Presidents to preserve the artifacts.

Councilman Gubitosi stated this is not a vote against the Church of the Presidents and the Council is still interested in working with this Church however he feels the Council needs to understand the resolution that was given to them and would prefer to have a competitive bid process for the artifacts.

Councilwoman DeNoble requested doing an online auction.

Councilman Gubitosi:

I would like to move forward with this project however, I think we should consider a minor modification to the proposed Resolution Language. Specifically:

We should ensure that the design recommendations prepared by CME are

- 1) All CAFRA compliant.**
- 2) All designs are contained within the footprint of the current structure. Obviously, there would be no value to the Borough in examining design alternatives that are not CAFRA compliant, or which do not align with this Council’s objectives.**

Also, I do not wish to approve Phase 2 at this juncture since it would expand the project fees beyond the currently available grant funding. I think we should consider a few simple edits or else consider tabling this Resolution for a later date.

MAYOR AND COUNCIL REPORTS:

Mayor Fox

The Holiday season is in full swing. We began, as we do each year, with good work. On Friday, November 22nd, approximately eighty volunteers from the Bradley Food Pantry distributed six hundred Thanksgiving dinners from a windy and chilly Ocean Avenue. The next big event is this Friday December 20th, the Christmas Dinner distribution. Please support this important event.

The annual Thanksgiving Friday Bonfire went off without a hitch. A few hundred residents and visitors joined us. It was a great evening.

On Sunday of Thanksgiving Week, the Merry Market at the Recreation center was a big success. Then our annual Tree Lighting took place from 4:00 p.m. to 6:00 p.m. The Police held a Toy Drive, the Neptune High School Scarlett Sound Acapella Choir performed at the band stand. Hot chocolate and cotton candy, horse drawn carriage rides around the park, and then the Tree Lighting. One of our

residents, seven-year old Remi from McCabe Avenue hit the button and as the lights on the tree went on, a Christmas miracle, a snow squall ensued, courtesy of J.R. Fraheim of DPW, soldiering on in a cherry picker high atop the festivities. Santa then made his annual appearance to the delight of the children. There will be a Menorah lighting on December 25th at 5:00 p.m. at Riley Park for those who would like to participate.

Library

Thursday, December 12th at 6:00 p.m. there will be a Holiday Concert with the Florian Schantz Jazz Combo. Come ring in the season with winter favorites set to traditional jazz with the Florian Schantz Jazz Combo. This free family program is suitable for all ages. This is an indoor event, and space is limited. Registration required.

Recreation

December 14th, Bradley Beach Recreation Center's Grinch Grams. More information is on the website.

December 15th, Breakfast with Santa at the Recreation Center. More information is on the website.

Mayors Wellness Campaign

The three Municipalities that achieved the "Gold" award in 2023 for the "Healthy Town" designation were asked to present their approach at the Annual League of Municipalities meetings in Atlantic City in November. In addition to Bradley Beach, Bergenfield Borough and Montgomery Township presented their respective stories to attain excellence and the "Healthy Town" designation. Thanks to Barb Johnston, Liz Hernandez, and all committee members for all they did to support the effort.

319 LaReine update:

The bid package was released and a few of the prospective bidders have already toured the facilities. We anticipate a successful bidder on December 20th and the disposition of the artifacts.

Thank you for your patience in this matter, we are getting there.

2024 is almost over. We had more "ups" than "downs" and I think we came out ahead again.

Everything starts with the collective efforts of our Municipal employees, our professionals, and our volunteers. We cannot thank them enough.
